

The DIKCG Children's Garden Area

The Children's Garden is 100% volunteer-operated and a registered nonprofit 501(c)(3).

Various veggies and flowers are planted, grown and harvested in the Children's Garden between April and October. Many hands are needed for watering, weeding and monitoring the garden plot during the year. The produce harvested benefits local families and agencies.

Educational Tours

The Children's Garden at DIKCG welcomes school field trips, youth groups, Boy Scouts & Girl Scouts troops and others to experience Dig it Kingman Community Gardens. Select curriculums can be tailored to your group's interests and needs.
